Dear Sir:

In reply to your inquiry by telephone, I would say that this Society has not in its collection any medals of either Richard Rush or Dr. Benjamin Rush. I do not know of any medal by Richard Rush. I think there has been something of Dr. Benjamin Rush, and if you desire information regarding that, I would suggest that you drop a line to Dr. Horatio R. Storer, Newport, Rhode Island, who has for many years been making a special study of medals relating to medicine or physicians.

Very truly yours,

Director.
